Re: Tariff Letter ~~TL1-734~~: Anchor Point Energy, LLC

Dear Commissioner:

The tariff filing described below is transmitted to you for filing, in compliance with the Alaska Pipeline Act and 3 AAC 48.200 – 3 AAC 48.430, by Anchor Point Energy, LLC (Anchor Point Energy), as operator of the Armstrong Cook Inlet production pad for North Fork Unit.

First Revision of Original Sheet No. 3, Cancelling Original Sheet No. 3  
First Revision of Original Sheet No. 36, Cancelling Original Sheet No. 36

Anchor Point Energy has filed with the Commission an Application for Approval of Low Volume Interconnection Agreement (Agreement) between Anchor Point Energy and ENSTAR. The Agreement adds a regulator station that will be interconnected to a low volume two-inch pipeline that will be owned and operated by ENSTAR beyond the point of interconnection on ENSTAR's system. This two inch pipe will carry gas to the distribution system that ENSTAR will construct to facilitate gas service to the community of Nikolaevsk, who has requested service. As stated in the Agreement, this interconnection will not adversely affect any customers or the public but will allow customers in Nikolaevsk an opportunity to convert their heating systems during the summer months of 2012 to burn natural gas and begin to realize saving in the next heating season.

Revised Sheet No. 3

Revised sheet No. 3 adds a description and location marker for "Enstar Nikolaevsk Reg Station".

Revised Sheet No. 36

Revised sheet No. 36 adds the description for the additional delivery point:  
Section 26, Township 4 South, Range 14 West, Kenai Peninsula Borough, Seward Meridian

**Requested Effective Date.**

Anchor Point Energy requests that the tariff become effective on the date the Commission issues its Order regarding the Application for Approval of the Low Volume Interconnection Agreement between Anchor Point Energy and ENSTAR.

**Notice and Shipper's List.**

Notice of this filing is being given this day, electronically and by mail, to all of the Anchor Point Energy's shippers:
