Regulatory Commission of Alaska

2017 Western Conference of Public Service Commissioners Annual Meeting

The Regulatory Commission of Alaska is pleased to host the 2017 Western Conference of Public Service Commissioners' Annual Meeting, **May 21 - 24, 2017**. This event provides an excellent forum to share ideas on topics such as telecommunications, cyber security, gas storage and pipeline safety, and clean energy.

The Western Conference is a regional association of the National Association of Regulatory Utility Commissioners (NARUC). The objectives of the Western Conference are:

- To contribute to the betterment of commission regulation through study and discussion;
- To promote uniformity in the structure, terminology and coordination of regulation while honoring the public interests within the charge of each state commission; and
- To promote cooperation of the member commissions with each other, with the National Association and its members and with the other regulatory agencies.

Join us in beautiful downtown Anchorage, Alaska, to network and gain insights into topics that are relevant to today's utility regulation. For more information and to register, please visit rca.alaska.gov or <http://www.western.naruc.org/Meetings/>.
