

Electric - Residential Rates and Sample Bills for Regulated Utilities

FY 2012

As of June 30, 2012

The following chart contains residential rate components and sample electric bills for consumers in most communities at two different kilowatt-hour (kWh) usage levels based on rates in effect on June 30, 2013. The communities listed are those served by utilities subject to rate regulation by the Commission.

Rate Component Descriptions

Regulatory Cost Charge

(Statutory Authority AS 42.05.254)

The Regulatory Cost Charge is a special surcharge applied to all regulated retail customer billings to pay the utility's share of the Commissions expenses.

Power Cost Equalization Credit

(Statutory Authority AS 42.45.100-42.45.190)

The Power Cost Equalization fund was established to equalize the power cost per kilowatt hour statewide at a cost close to or equal to the mean of the cost per kilowatt hour in Anchorage, Fairbanks, and Juneau by paying money from the fund to eligible electric utilities.

An eligible electric utility is entitled to receive PCE for sales of power to local community facilities and for actual consumption of not more than 500 kilowatt-hours per month sold to each residential customer.

A PCE credit would be applied to the bills of residential and community facilities of eligible electric utilities.

*Utilities marked with an * are not eligible for PCE.*

Cost of Power Adjustment Surcharge

(Regulatory Authority 3 AAC 52.503)

The Cost of Power Adjustment for an electric utility provides for an adjustment, per kilowatt-hour of sales, equal to the difference between the utility's cost of power included in its base rates and the utility's projected cost of power.

Customer Charge

A fixed monthly charge that an utility may assess in addition to the Energy Charge and the Cost of Power Adjustment Surcharge.

Rate

The currently effective energy charge or base rate that a utility charges for a kilowatt of energy. The rates and rate designs are approved by the Commission during a rate case proceeding.
