

## **Electric - Residential Rates and Sample Bills for Regulated Utilities**

**FY 2013**

**As of June 30, 2013**

*The following chart contains residential rate components and sample electric bills for consumers in most communities at two different kilowatt-hour (kWh) usage levels based on rates in effect on June 30, 2013. The communities listed are those served by utilities subject to rate regulation by the Commission.*

### **Rate Component Descriptions**

#### **Regulatory Cost Charge**

*(Statutory Authority AS 42.05.254)*

*The Regulatory Cost Charge is a special surcharge applied to all regulated retail customer billings to pay the utility's share of the Commissions expenses.*

#### **Power Cost Equalization Credit**

*(Statutory Authority AS 42.45.100-42.45.190)*

*The Power Cost Equalization fund was established to equalize the power cost per kilowatt hour statewide at a cost close to or equal to the mean of the cost per kilowatt hour in Anchorage, Fairbanks, and Juneau by paying money from the fund to eligible electric utilities.*

*An eligible electric utility is entitled to receive PCE for sales of power to local community facilities and for actual consumption of not more than 500 kilowatt-hours per month sold to each residential customer.*

*A PCE credit would be applied to the bills of residential and community facilities of eligible electric utilities.*

*Utilities marked with an \* are not eligible for PCE.*

#### **Cost of Power Adjustment Surcharge**

*(Regulatory Authority 3 AAC 52.503)*

*The Cost of Power Adjustment for an electric utility provides for an adjustment, per kilowatt-hour of sales, equal to the difference between the utility's cost of power included in its base rates and the utility's projected cost of power.*

#### **Customer Charge**

*A fixed monthly charge that an utility may assess in addition to the Energy Charge and the Cost of Power Adjustment Surcharge.*

#### **Rate**

*The currently effective energy charge or base rate that a utility charges for a kilowatt of energy. The rates and rate designs are approved by the Commission during a rate case proceeding.*
