In the Matter of Report to State Legislature Regarding Alaska's Current Broadband Coverage and Planned Expansion and Gaps in Broadband Infrastructure and Financing	I-17-004

FURTHER INFORMATIONAL FILING

GCI Communication Corp. d/b/a General Communication, Inc. and GCI (GCI) provides the Commission with an update of the Table, previously filed November 3, 2017, that shows the fixed broadband download speeds available to consumers in Alaska, by census place (i.e., community) and by provider. (Attachment A). This information has been compiled from data filed with the Federal Communications Commission (FCC) and is now current as of December 31, 2016.

GCI has made one change in the format of the data as compared to the previous filing. In the filing dated November 3, 2017, the providers were shown at the holding company level. In the current filing, providers are shown at the individual company level so that, for example, Interior Telephone Company and Mukluk Telephone Company are shown separately. The new filing also includes 2010 census population data.
